Education

KIET Group of Institutions(AKTU)

2020 – 2024

Bachelor of Technology(Information Technology) with percentage of 83

Ghaziabad, Uttar Pradesh

ST.Thomas Academy

2019 – 2020

Intermediate(CBSE) with percentage of 88.4

Saharanpur, Uttar Pradesh

Experience

Biz2X

August 2024 – Present

Associate QA Engineer (Software Testing)

- Collaborating with cross-functional teams to identify, document, and track software defects and issues.
- Designing and executing test cases for various testing types, including functional, regression, and performance testing.
- Ensuring high-quality releases by automating repetitive test scenarios. Participating in Agile sprints and daily stand-up meetings to improve overall product quality.

GeeksForGeeks

Jan 2024 – April 2024

TCE Intern

- * As a TCE intern in the GATE CS team, I actively contributed to creating and enhancing 200+ technical articles. My role involved optimizing content, collaborating with the team, and gaining valuable skills in technical writing and domain knowledge.
- * Contributed to the improvement of existing articles through revisions and updates.
- * Developed skills in content creation, editing, and project management within a dynamic team environment.

Salesforce

April 2022 – June 2022

Salesforce Developer Intern

- * Developed custom Salesforce applications to streamline business processes.
- * Design the CRM workflows in Salesforce, and also provide custom solutions for specific business requirements.

Projects

Chandrayan 3 Moon Mission | *Python, PowerBI*

March 2023

- * Successfully conducted in-depth data analysis, identifying critical mission parameters.
- * Developed Python scripts to clean, preprocess, and analyze large datasets from the mission.
- * Created interactive data visualizations using PowerBI for easy comprehension and decision-making.

Personal Portfolio Website | *HTML, CSS, JS*

October 2020

- Designed and developed a personal portfolio website to showcase my skills and experience in web development and design.

Technical Skills

Languages: C/C++ , Java , Python, HTML/CSS, JavaScript, SQL, WordPress

Problem Solving: RDBMS , Networking , ML , OS , Graphic Design

Tools: VS Code, PowerBI , Draw.io

Achievements

Qualified GATE CS/IT 2024 and 2023 Examination

- * Successfully cleared the GATE 2024 and 2023 exams, demonstrating a strong grasp of engineering concepts and problem-solving skills in Computer Science.

Participated in KICCS-D-HACK 23.5 and secured 62nd rank

- * Participated in KICCS-D-HACK 23.5, achieving the impressive 62nd rank among a competitive field of participants, demonstrating problem-solving and technical skills.

Inter School Cricket Tournament(Runner Up)

- * Secured the Runner-Up position in a highly competitive Inter-School Cricket Tournament, showcasing strong teamwork, sportsmanship, and strategic skills. Contributed to the school's athletic success and commitment to excellence.

Certification

- * **Networking Essentials** :- Course offered by CISCO
- * **Beginning Python** :- Course offered by Infosys
- * **CPA C++** :- Course Offered by CISCO
